

FOR IMMEDIATE RELEASE

**VISAGE STUDIO ANNOUNCES THE LAUNCH OF
AIR REPAIR® SKINCARE TRAVEL KIT**

November 24, 2008 (San Francisco, CA) – Visage Studio President & CEO, Denise Spanek today announces the launch of the long awaited Air Repair Kit. Spanek, a renowned skin care expert and acclaimed beauty industry entrepreneur created the Air Repair® Kit specific to skin care restoration for travel. For the past 25 years, Spanek has researched highly effective skin care brands and successful performance regimens - with the goal to create her own products that are effective, luxurious, and...effortless.

The Air Repair® Kit is the only system available in the market specifically created to combat the effects of flying and environmental changes that are directly related to one's face. Dry and dehydrated skin, fine lines, redness, dull appearance and irritation are quickly and effectively treated with the kit. Air Repair Kit contains ground-breaking formulations which are petroleum, mineral oil and paraben free. Targeted ingredients such as Hyaluronic Acid (moisture retention), Cloudberry Seed Oil (a powerful anti-oxidant) and Heat Shock Proteins (climate- adjusting) deliver superior results that are ideal for any and all skin types. Whether in the air or on the ground, Air Repair is the premiere "take care anywhere" skin care kit choice available. The kit is functional and effective and available in a travel bag packaged for carry-on convenience.

“The Air Repair® Kit will streamline and simplify your daily routine, while alleviating the need for a multitude of other lotions, toners and creams,” Visage President and CEO, Denise Spanek states. “We are especially proud of the comprehensive guidelines we meticulously created in order to illustrate precisely how to maintain the health and radiance of your skin during travel.”

The Air Repair® Kit Includes:

1. Air Repair **Soothing Facial Cleansing Milk**: Contains chamomile and arnica extracts.
2. Air Repair **Complexion Quenching Facial Mist**: Refreshing facial toner and hydrator.
3. Air Repair **Rescue Balm**: All Purpose skin salve and lip balm.
4. Air Repair **Beauty Balm**: A complexion-boosting moisturizer with Hyaluronic Acid.
5. Air Repair **Super Hydrating Eye Cream**: Soothing line-minimizing formulation.

The Air Repair® Kit is available at www.visagestudio.com and specialty retailers.
